- Provision and configure operations servers and network
- Write and execute complete data conversion to new operations software
- Administer Windows NT and Unix servers
- Teach front-end staff software usage for operations

AVLUX Enterprises, LLC - <https://avlux.net/>

Jul 2000 - present

Principal

- Oversee operations for homegrown hosting company
- Systems and software setup and configuration
- Administer servers, monitoring and backup

Pacific Data Group - <http://www.comsys.us/>

Mar 1995 - Feb 1996

Systems Analyst (Contractor)

- Lead Analyst for Order Entry Systems - code, test and quality assurance
- Job flow dependency analysis and tuning
- On-call support

Projects

RadiantCMS - <http://radiantcms.org/>

2008

Core committer. Radiant is a Rails-based, no-fluff, open source content management system

Education

Reed College - <http://reed.edu/>, Portland, OR U.S.A

1977 - 1981

B.A.

Languages

Ruby

Delighted disciple

PHP

Proficient

C#, C++

Acquainted

SQL

Proficient

Javascript

Conversant

Python

Acquainted

Bash

Proficient

Java

Conversant

Perl

Acquainted
